ŠIBENIK & OBONJAN ISLAND

Incentive program in North Dalmatia

New incentive destination

- ◆ If you are searching for a new destination that might not yet have appeared on your radar but works a treat for incentive and conference groups, explore North Dalmatia, the area of Šibenik and nearby islands. The region has recently seen the addition of **5-star design hotels** and **the largest Croatian convention centre** in addition to the **increasing flight connections to both Split and Zadar**, North Dalmatia is an exciting option off the main radar.

Exciting activities

- ◆ Squeeze into Croats' favorite car, **Fico the mini oldtimer**, and explore the Šibenik town, stop at the Krka national park and end the self-drive tour at a local winery. Or meet the local bikers and take a motor bike tour through the hinterlands of North Dalmatia. The intact, wild natural areas offer unparalleled opportunities for outdoor activities such as **4x4 wheel adventures on mount Velebit**, **sailing the Kornati islands**, **wilderness survival programs**, rafting or canoeing the Zrmanja river.

Unusual event venues

- ◆ In addition to the luxury glamping capacities, **Obonjan island** features an open air venue for up to 1.500 people, covered pavilion for up to 1.000 guests, pool with restaurants etc. A striking contrast is the first and largest convention centre for 1,500 delegates in Croatia, located in Šibenik near to Amadria's hotels.
